

# ***PARTNERSHIPS FOR PREVENTION***

## ***The Story of the Highfield Community Enrichment Program***

Geoffrey Nelson, S. Mark Pancer, Karen Hayward, Ray DeV. Peters

The Highfield Community Enrichment Project is one of eight demonstration sites for the 'Better Beginnings, Better Futures' initiative, a comprehensive, community-driven program dedicated to the prevention of children's mental health problems in Ontario and the promotion of child, family, and community wellness. Drawing from this multi-method, longitudinal research project, authors Geoffrey Nelson, S. Mark Pancer, Karen Hayward, and Ray DeV. Peters have written *Partnerships for Prevention*, providing insights and lessons on how prevention programs can be planned, implemented, and managed in a low-income, multicultural context with a high degree of community involvement.

The authors demonstrate not just that the program works, but how it works, and in so doing make a contribution to theory, research, and practice in primary prevention and mental health promotion for children. *Partnerships for Prevention* provides a great deal of knowledge that will be of interest and use to policy-makers, program planners, practitioners, and community residents, who wish to create prevention programs.
